

New Optical Solution for Digital Radiography: XV Heligon 4k-S

- Object Size: 430 x 430 mm
- CCD Chip Size: 36,8 x 36,8 mm
- Object-image distance: < 850 mm
- Object distance: < 500 mm
- Temperature compensation
- Focus adjustment
- Camera interface
- Optical features: rear side

High MTF from the center to the edge
