

**Welcome**  
to the new Qioptiq

# The new Qioptiq

You've known us as LINOS. You've known us as Point Source. And with our rich heritage in the optics industry, perhaps in the past you even knew us with other names and other logos than these.

After several years of working as an international network of companies, the Qioptiq Group's 2,300 people across North America,

Europe and Asia will now be working even more closely together under one name and one logo.

**Welcome to the new Qioptiq.**

When you need the highest-quality off-the-shelf components, products and instruments, come to Qioptiq.

**QIOPTIQ**  
Photonics for Innovation

**LINOS** **POINT  
SOURCE**

When you need custom modules and assemblies to be integrated into your system, come to Qioptiq.

When you need unparalleled excellence, leading-edge innovation, precision optical manufacturing and responsive global resourcing, come to Qioptiq.

Engage our expertise to speed your development and enhance your product performance. Put our extensive manufacturing capabilities to the test. Allow us to exceed your expectations.

Qioptiq: Your key to photonics for innovation.

# Industrial Manufacturing

## Qioptiq is your source of photonic solutions for

- Machine vision
- Metrology and inspection
- Professional photography lenses
- Printing technology
- Automotive
- Aerial mapping
- Semiconductor technologies
- Laser and fiber delivery systems
- Crystal technology
- Projection technology
- Laser material processing
- and more

# Medical & Life Sciences

## Qioptiq is your source of photonic solutions for

- Surgical systems
- Analytical instrumentation
- Singlemode laser sources
- X-Ray imaging
- Ophthalmology
- Biotechnology
- Dental imaging
- Cellular research
- DNA sequencing
- Multi-wavelength imaging
- and more

# Laboratories, R&D Centers and Universities

**Qioptiq is your source of photonic solutions for**

- Optics and mechanics
- Lasers and light sources
- Fiber optic delivery systems
- Flow cytometry
- Bench systems
- Spectrometers
- Microscopy
- Beam-handling optics
- Electro-optics
- Nanopositioners
- CCD lenses
- and more

## Defense & Aerospace

### Qioptiq is your source of photonic solutions for

- Tactical night vision (IR and I<sup>2</sup>)
- Head-up displays
- Helmet/visor displays
- Laser protection missile systems
- Warning and tracking systems
- Space satellite applications
- Remote surveillance
- Navigation systems
- Homeland security and counterterrorism
- and more
